The Pilot Program: Security Threat Group - Identification, Interdiction, Prevention, and Mangement...

Security Threat Group (STG) will institute: New and more aggressive attacks against "prisoners" and their families, friends, associates, and communities, who have already been victimized by our institutionalized Racist System Prison industrial Complex (IRSPIC), who uses just one of many of their institution policies to persecute, incarcerate, as well as subjugate prisoners — inside their incarceration in solitary confinement units. As does government policies subjugate us "poor class" citizens into ghetto's barrio's, rural, and urban areas...

Security Threat Group in itself is a "racist policy" that will set a new precedent for attacks against new Afrikans (i.e. blacks), Mexicans, Latinos, Asians and poor whites to allow CDCR to implement a classification of our people and communities, by utilizing Security Threat Group that means one of us can define all of us, through their validation system.

We are individuals despite all the hype around this gang validation nonsense. We must reject the "Security Threat Group — identification, interdiction, prevention and Management Plan," it will allow our communities to be further subjugated, persecuted and openly attacked by overzealous public servants or security guards who operate like Gestapo against poor citizens of this Nation. And those of us held in the prison industrial complex subjected to physical and psychological torture in "Long Term" isolated solitary
