I Messed up Bad

I wish I would of told you how much you mean to
me before you left
You was the best I ever had and I know it's sad
that I messed up bad
I wish I would of told you how much I love you
and how I treasure the love we had
You know that I'll give anything and everything for
you to be in my arms
I would love to suduce you with my charm
Look into your eyes while I taste your lips
You are my sweet dreams before I open my eyes
Dame I messed up bad, you were the best I ever
had
Gripping your hair and slightly pulling your head back
while I kiss on your neck and you moan in my ear
Just let me in so I can conquer your fears
I can't replace you with no one
I can't compare you with anybody in the world
You was my life, my lover my wife my girl
Dame I messed up bad, you was the best I ever
had
