

@ GOLGOTHA
WITH LIL "D"

- XZ -- Alright now, what an honor it is to be in the presence of yet another young prince of our people, new generation rising yeah?
- LD -- I would say it feels good, in which it does on the familiarity side of things, but this is crazy, so many fall and few are able to give back, not just in general, but on a bigger scale. Put us to work to give back, I like this.
- XZ -- Thats pretty much what this new generation movement is about giving back on a greater scale, look, I know you don't do much talking, so thanks for vibing with us, so where did you grow up outhere?
- LD -- I'm a traveler, but mostly in Oceanside California, a small military city in what was known as San Diego California.
- XZ -- I've been to Diego, love the people, hate the Chargers LOL; You spoke on Michigan awhile back I'm interested if you've noticed a difference between lets say THE INNER CITIES of places like Oceanside, and Detroit? Go Raiders.
- LD -- Truth be told, life is probably harder in Detroit given the fact that it's colder, so if you are poor, you're hungry and cold. Plus, the police will shoot you down in the streets and leave your body there. Racism is a huge problem there just like in the south. As for my Detroit Lions, we beat ya'll and had a better record this year.
- XZ -- Deal with you next season potna, let me ask you if I may, how old where you when you got arrested on your way to deathrow?
- LD -- 24
- XZ -- Damn man, 24? It's becoming a trend at how we are getting younger and younger, is deathrow anywhere near what you imagined it would be before you got here?
- LD -- Hell naw, I was told that it wasn't as bad as a level '4' prison but damn, we ain't got no program. I figured it would be more like the county jail in Diego, not like L.A. county jail.
- XZ -- Real-talk, no education or nothing, we at papco like to say theres only (2) types of deathrow captives, those waiting to die, and those writing to live feel me. Man, you know about the African proverb that says it takes a village to raise a child? Well outside of family, name one thing you wanted from the community that you did not recieve as a youth?
- LD -- I hate to say it, but my fam was the reason as to why I had less of a better opportunity as a child. But as a man I became myself

for my own poor decisions. The community needs to put more in giving the youth the opportunity to be a child, but steady educating them with direction. Not the sense of direction where every black child is groomed for the low income jobs either.

- XZ -- Now that's valuable talk righthere, you can't raise a kid in 2012 with 1950 expectations because you're so right, the youth expect us to teach and expect more out of them. You know, in terms of culture we can all remember how even the black history parades made us feel magnificent just to be black because we just don't march down the street you feel me. The sistas strut with those skirts poppin like the drums, and those shiny horns instruments, the smell of Bar-B-Que and the whole nine. Why can't those moments last beyond the parade brah?
- LD -- Not enough unity in the household. We as black people lost our sense of culture, it's not the youth that are lost, it's our culture and where there is culture it don't receive the level of respect it deserve because before and after the function, respect is invisible. It may be there but everybody don't see it if you know what I mean.
- XZ -- Seque with me if you will then into OBAMA and how it seems no black man is ever good enough for us as a people, he's an uncle Tom and boot licker and you know all of the other sell out type things we attack our own with... What are your thoughts on that?
- LD -- The black culture has to let go of the past and the stereotyping and work on the household. See ourselves as a family and for those that see that need to help, mentor. teach the youth the way. The Kennedys, we where gonna have a black president, I like Obama, lets not get it fu ed up. He's paying the low income (blacks) for the misdeeds of our European counter parts (not all). Why do you think he gave all the money back on tax returns, and the \$8,000.00 on the first home buyers? He's trying! Republicans represent the slave owers, the Democrates the slave runner. Wez tired boss!
(both lol)
- XZ -- Real talk, Obama is surrounded, he be up in there chunkin'um with all them foolz. First health care reform, then he was like "alright now break bread, vote yey to share wealth, or vote ney on behalf of inequality," they voted ney, I love him for putting them on blast like that. They draw the line at chips man, so do you think he, action at another term?
- LD -- He'll get his second term because the minorities will get him in, I hate using the word minorities.
- XZ -- Not to mention the fact that they may need to dig up Lincoln just to debate against the brotha because I can't see nobody out debating him right now. Ok, one more for the youth, what advice could you give a next generation youth to stay out of prison and off deathrow?
- LD -- Find something legal that you are passionate about and stick to it. I like that Lincoln quote tho!

XZ -- One day I'm going to just read off every answer to that question from every conversation, I can't wait to see how it's going to turn out. Ready for this? One word answers, feel me, lets roll... For or against abortion?

LD -- Against.

XZ -- For or against the death penalty?

LD -- For.

XZ -- You're *not* alone, if you was invited to colonize another planet would you go?

LD -- No.

XZ -- For or against stemcell research?

LD -- Against.

XZ -- Did you get a fair trial?

LD -- Hell no!

XZ -- Is racism natural or learned behavior?

LD -- Natural, No, learned, I thought you meant...

XZ -- Does racism still exist in the U.S.A. in 2012?

LD -- Yes, even more than we actually know.

XZ -- Is the death penalty revenge or punish? One word please.

LD -- Revenge.

XZ -- Religion or spirituality?

LD -- Spirituality.

XZ -- Should prisoners retain the right to vote?

LD -- No.

XZ -- Who's salary should be highest cops or teachers?

LD -- Neither (should be the same).

XZ -- Is driving buzzed the same as driving drunk?

LD -- No, buzzed? Hell yeah it's the same.

XZ -- You surprised me with some answers, after the coming elections I'll compare your answers to the final results around the country.

Last one, give back, we are hearing more and more about bullying on college and highschool campuses, cyber bullying online and even behind prison walls, what advise can you offer to the bully?

LD -- 1) Stop and think would you want someone to do it to you?
2) Do onto others what you want others to do to you.
3) Would you want anyone to do it to your mom, sister and family?
4) As, a species, we do alot of stupid things and bullying is one of those things, each person has to face themselves one day, I hope you face yourself a.s.a.p.

XZ -- I've heard most bullies have been victimized themselves. someday at papco, write on this issue in one of our projects. Man, this is the most I've heard you talk since you got here, I'm honored that it was me that you blessed, you are valuable, so as it was ended at "GOLGOTHA" over 2000 years ago, lord take me with you when you come into your kingdom.

LD -- We will all go to heaven, it's what we do on earth now for which we will be judged upon, today you will reign with me.

XZ -- New generation rising!

LD -- Serious, that Abraham Lincoln quote is real.

XZ -- Like I always say, the only person I can see out debating Obama right now is the most beautiful first lady of any country in the history of mankind. Do a fact check and if anybody find a photo of one, more beautiful, I'll back up.

LD -- Not even Lisa Raye?

XZ -- That may require debate.

LD -- Yeah, new generation rising ! (Both lol).
