

"The nature of this flower is to bloom." - Alice Walker

Dear Readers,

07/12/13

Howdy! I hope everyone is well & happy. I'm out on the Rec yard, just killing time with this awful slave labor job I've got.

I wish I had the money so I could afford to email my postings again. It is so much easier & faster to just type what's going on, & I know I've missed a lot. Unfortunately, my friend is still not making much effort in selling any of the crocheted items I've sent her. It's been several years since she sold anything outside (i.e. to a store). If anyone has any leads, please let me know.

OK, I am also waiting out here to have something "done." I've been trying to get this done for quite a while & it keeps getting put off for one reason or another & it's been very frustrating.

I am planning on getting my nipples pierced! Yikes! I still can't believe it. In the Real World I would never have gotten this done. I have no idea what's gotten into me.

I also would never have gotten a tattoo in the Real World, & now I have 7. All of them I got in the past 2 years. Perhaps I'm going thru a midlife crisis? And if I could afford it, I'd get more done.

(Later)

OK, I got it done - at least one nipple. I only have one safety pin. Hopefully I can get the other done next week. I think

②

I surprised the guy with being able to take it as well as I did. It's starting to feel more tender now + I suppose it's about 4 or so hours later. It's the "taking care" of it that really grosses me out. Moving the safety pin?! Yikes!!

I have such a huge crush on the cellie of the guy that pierced me. He is so fucking adorable! And, of course, he's a Leo. I just knew it before I asked. Leos make me weak. Unfortunately, there's nothing "going on" between us except for a ton of fantasies on my part. (Heavy sigh). And he has such a great, goofy, personality too. Oh well.

That's the bad part about prison. It is NOT like being in a candy store for a guy. I had tons more sex in the Real World. But there's just so damn many hot guys in here who work out a lot + have such hot bodies covered in tattoos! Slurp! I am so weak - and so very frustrated!

Love + Blessings,
