Dear CJP,

Thank you for your comments! 😊
I'm glad to have the opportunity to share my experiences and to help raise public awareness of these issues. I'm also one of ten participants in a book project "The Women of San Quentin", by Norwegian author and photo-journalist Kristin Lyseggen. (www.kristinl.com).

I have started an initiative with Black & Pink, the Advocacy Campaign for Trans-women (ACT!), and am currently pursuing an administrative appeal concerning the discriminatory blanket-ban policy against sex-reassignment surgery (SRS) by the California Department of Corrections & Rehabilitation (CDCR).

Sincerely,

Jennifer Gann
