

My Mind

To delve into my thought process will have you shaking ya head...
You'll forever be pondering the meaning of the words said,

The mind... incapable

The knowledge... unrestrainable

The meaning... unattainable

The depth... unphathomable

The words... unspeakable

The pen... unstoppable

The affect... inflammable

The feeling... remarkable

To understand me and the operation of my mind set...
Causes an experience of euphoria you'll never forget,

The mind... a game

The knowledge... inflamed

The meaning... unframed

The depth... undrained

The words... refrained

The pen... the blame

The affect... remains

The feeling... insane
