Dear Sally,

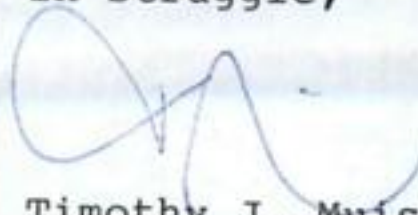

Thank you so much for responding to my request for help for CURE-ARM, INC. At this time what we need is for someone to take over the management of our facebook page. It would be far from labor intensive. What we need is for someone who can scan 4 or 5 articles per month onto the page and then once a month send us "hard copies" of what the new additions look like. I have reached out to someone else who responded and asked if they would take over the management of our email account. My hopes are that they will be able to do so. Please go to our facebook page and check out what we have there thus far. Go to;

Without a current email manager it is impossible for me to email you at this time so I hope you find these comments on the blog and can help out. We really need the help.

Thank you so much for your offer and I will be hoping to hear back from you soon. I am,

shocked into the light.

slowly we strive to make it right."
