Dear 81055M,

Thank you for forwarding my letter to Noaka Carey; big help. Tough to get current address in here as we are still in the technology dark ages here at ShirleyWorld.

Would there be any chance that you could help us out with our upstart reform organization CURE-ARM, INC.? We could really use someone to do minor internet research for us. Many times in drafting our "position" papers" we need statistics and reports that are unavaible to us here. I can assure you that your involvement would not be labor intensive. Please let me know if you can help out? Please check our our facebook page at;
