- FRANCIS SOFFEN PASSES AWAY / HIS GHOST TO HAUNT "SNIFF" FOREVER

We here at Free Speech Central are very sad to report the passing of our dear friend Francis "Frankie" Soffen. Frank came to prison in 1972 for a double homicide for which he was given two concurrent second degree life sentences. Frank had been eligible for parole since 1987, and had 12 parole hearings and 10 furloughs, but was never afforded the legislated opportunity for freedom. In fact Frank was forced to languish in the HSU's, ADL's, and "SNIFF's" of this horrid system for the past ten years. The cronies on the Parole Board actually said that Frank's fresh mouth was "indicative of his likelihood to reoffend", never ever mentioning he was bed ridden and had to be hoisted out of bed with a hydraulic lift just to be washed. Frank could not even sign his own name! The asshole who wrote that insane decision is now a Superior Court judge! The Dishonorable Josh "Gallows" Wall they call him! The good news is that Frankie's ghost will surely haunt the abusive guards and few boot-polishing nurses who work up in the God-foresaken HSU. It gives me great pleasure to know that Frankie tortured them up there for years and will now haunt them for years to come. We here at Free Speech Central are going to help him spook the place. Trust me. We will reveal the abuse, report the abusers, and agitate, disrupt and resist in Frank's memory!!! When they fuck up up there we will be there! When they show their ass up there we will reveal it to the world! When they commit crimes against humanity we will expose those crimes! Frank will be there for years to come, in spirit, and he will hold them all accountable for their abuse. They had better think twice the next time they want to snap a medication cup into the ear of a dementia patient. They better look over their shoulder when they hide a brain injury patient's wheelchair. They better modify their behavior when they feel like stealing the bananas that are for the sick and dying. They BETTER remember Frankie Soffen because he is gonna remember them! God rest Frankie's soul and God save the abusers in the "Sniff".

- COACH WOODHEAD APPOINTED TO TURKEY TASK FORCE / STUFFING SAFE

One of the biggest self-hatred victims here (high on our wish list for the next guard suicide), Coach Woodhead received a prestigious one (1) day appointment to an Elite Gulag Platoon (actually it was a one-man platoon). He was appointed Chief Athletic Supporter of the Turkey Task Force. You see this failed turnkey and urine test manipulator was given the proud honor of ferreting out prisoners who attempted to get "seconds" on their Thanksgiving Day meal. Coach Woodhead, wearing his best Red "I used to be a guard" Athletic Supporter Shirt, patrolled the walkways with Facial Recognition Software ascertaining if men had already been to chow and were attempting to double-up. When the rumor spread that there was "Extra Stuffing" Coach Woodhead thought they were talking about his bi-curious trips to P-Town and became angry. When the younger guards said "he's nothing but a wanna-be turnkey.", CO Woodhead thought they said, "he's nothing but a wanna be turkey.", and decided to show them by

"saving the turkey" in the chowhall. He turned away con after con and must have been proud of the effort as he strutted around like a bantam rooster but came off as a barnyard baffoon. Can you imagine that this is "Walking the toughest beat in the state?" No wonder all other branches of law enforcement shun these fools. Stick to counting basketballs and footballs will ya Coach Woodhead. You had your chance to be a cop and you screwed the pooch. You're a laughing stalk with the guards and cons alike. If you are worried about men getting a second meal, or if they have their gym pass, and your job is a "gym cop", you really have some self-examination to do. None of the other coaches act like police, only you. What does that mean: it means you know your job is a joke and that you should be eating a 9mm sandwich. Put on your Pink Wrestling Singlet, book a ticket on the SS Ankle-Grabber out of Key West, and set sail off into the sunset of your meaningless career. Men miss their families on holidays and may want an extra piece of turkey or two, but you hate yourself so much that you cannot allow another human being to be happy. Look in the mirror. What do you see? Use that 20/20 vision to drop a hollow point in the tube, open wide, and accept your fate. Don't worry about the stuffing, it will be safe! Bon Voyage!

- YOUR TAX DOLLARS AT WORK / SADIST GETS MAJOR BONUS FOR DEFICATION

The Department of Corruption is producing a 50% recidivism rate which means that one in two prisoners is returning to prison after perpetrating a new crime on society. What do you expect when men are released without being allowed to build a foundation or support system, have no finances, and are denied any meaningful job skills or housing. It is an equation for sure failure and it is BY DESIGN! It equals JOB SECURITY for DOC lackies. The saddest part is how much you - the taxpayer - pay for this full and undeniable failure of a system. Our Fine Feathered Leader here, Kelly "Rubber Stamp" Wry-On is making \$116,466.56 per year. Our recently transferred "Queen of Mean", the 32 year tenured "No Superintendency for You!", Deputy Karen Denied-Oh is making \$93,777.68 to reek havoc upon each and every prison she struts. Our new Commissioner of Corruption makes and even \$150,000.00 per year and no one ever questions here about the recidivism rate or the "old guard" employees who have screwed the pooch for so many years. Each year the same dolts get promotions. The Boston Herald once ran a story that read;

"On one occasion then-Concord guard Bruce Gelb had allegedly presented a mentally challenged inmate with a box of feces. 'He had defecated in a donut box, put whipped cream on it and called the inmate into the office,' said the source. 'The inmate saw what it was, threw it on the floor, but they made him clean it up.'"

FROM: "OUT OF CONTROL" Boston Herald reporter Franci Richardson

This is who these abusive sadists are. This hunk of dung Bruise Yelp (as we like to call him) is now Associate Deputy Commissioner for the

Northern Sector, which includes ShirleyWorld, and is being payed, by YOU: \$126,874.03 per year and folks wonder why the DOC is so fucked up. Assholes like this true dolt, this long-time abuser, are running the show and "spinmasters" at the DOC and Public Safety tongue-in-cheek characterize them as "correctional professional". These are abusers who for years, Bruide Yelp being a quintessential example, have "beat" prisoners into a state of sure recidivism. True sadist at the helm of the ship of fools, but paid HUGE sums of taxpayer money. They recently hired an IT Tech here at ShirleyWorld to teach convicts computer repair. He immediately went "on the record" with his tutors that he does not believe men can be rehabilitated and that rehabilitation efforts are a waste of time; he is just here for the paycheck. Typical DOC logic and operating procedure: hire a fool who looks like the poor man's Arlo Guthrie and does not believe in his own job. It's like hiring an alligator to take care of the plump ducklings on the shore; a fool's bargain. Until we get rid of these thirty (30) year plus abusers who have totally devastated the system we can never expect change or success. Bruise Yelp is a prime example, but he is one of many. The upper echelon of the Department of Corruption is full of violent abusers, drunks, sexual deviants, and fools that would be flipping burgers at Mickey D's if there were no prisons to work in. Here is the model: Take a dump in a donut box, beat a few handcuffed cons, and a few years later get \$126,874.03 as your reward: This is the DOC in a nutshell.

- DOWN-SYNDROME DEBBIE HAS "GAS" / CHOWHALL SERVES TASTY MORSELS

In another typical DOC "hire the unqualified" move they have promoted a female "Short Bus" rider to the position of "Sergeant" (no it is not one from the Karma Sutra) and have given her the canister of Tear Gas to use in the chowhall; and she could not wait to use it! Down-Syndrome Debbie gased the entire chowhall the other night when a fight broke out. Men were cuffed and laying on their guts while she continued to "gas" their backs. She sprayed nearby tables and commented "Now your food has flavor!" Many felt she was having a flashback to when she had to spray her "nether regions" with antibiotic antiseptic after a liaison with a drunken clan member after the C.O. appreciation day party. You should have seen the look of glee in her bloodshot eyes as she dusted the area like a barnstormer over a cornfield. Sources have told us that her lower back "Tramp Stamp" is an image of a WWII "Gas Mask" with the motto: "Gas, grass, or ass. Nobody rides for free!" It was also reported that she used to draw crayola depictions of phallic cylinders spewing a white substance when she was in Mrs. Slowgals "Special Ed" class at Country Bumpkin Elementary School in Backwater, Mass. At least now, on the nights Down-Syndrome Debbie works, there is a chance that the food will have some "flavor", particularly the cayenne pepper and aerosol kind. It is almost unbelievable who they will let obtain "rank" in this system. As she chews

tobacco and ponders who her "baby daddy" might be, we have to go without job training, financial foundation building, reentry housing, and a even a chance of rehabilitation if we don't find it ourselves. With her short-bus helmet fastened tight Down-Syndrome Debbie crashes us into the wall of recidivism drooling all over her well used chin. Another prime example of DOC lunacy! Debbie has the gas and all the taxpayer gets is ass! Gas, grass or ASS. Nobody rides for free!

- JOURNAL OF PRISONERS ON PRISONS PUBLISHES "FREE SPEECH" ESSAYS

The extremely prestigious "Journal of Prisoners on Prisons" has published two (2) articles authored by ShirleyWorld prisoners who regularly express their "Free Speech" rights. In the latest edition, Volume 24, Number 1, 2015, the Journal has published;

- Mass Incarceration Two: The Continuing Saga, by Shawn Fisher
and

- Why Compassionate Release? A Follow-Up to What is Compassionate Release?, by Timothy J. Muise.

To read these articles please go to:

The Journal understands the importance of the involvement of the "Voice of the Prisoner" in this battle for commonsense criminal justice reform. They also understand that it is essential that we expose these abusers through the use of free speech. We cannot allow them to hide behind prison walls and razor wire any longer!

- BREAD AND WATER PRISONERS, INC. RECEIVES 501(c)(3) STATUS!

We here at Free Speech Central received great news that one of our "Free Speech" organizations, Bread and Water Prisoners, Inc., received their IRS Certification as a 501(c)(3) non-for-profit corporation! We will be hearing quite a bit more about the work of Bread and Water as we are Bread and Water! **Free Speech is prevailing!**
