- MUISE "BACK IN BUSINESS" and THE FREE SPEECH IS FLYING!

We are happy to report that the Free Speech Warrior is back in business, only he is darkly tanned from bright Norfolk Sunshine and supported by the Norfolk Lifers' Group who some worried had their noses out of joint. The fight surges on and we are working toward the State House Bully Pulpit in the near future.

I'd like to take this opportunity to thank the biggest asshole in corrections, that consummate coward Lt. Shameless Peckerhead, for all the motivation and comedy fodder he provided at ShirleyWorld for me. Imagine that I was there for five (5) years, roasted this friggin coward's ass each and every day, and he did not have the balls to do a damn thing about it! Rub that tarnished badge on your scrotum you peckerheaded laughingstalk.

I'd also like to thank Deputy Karing Denied-Oh for all of her hollow threats which she could never carry out as well as for her ability to make me see the dark side of the female spirit. I never knew women could be that evil and I hope the ghost of Frankie Soffen haunts her nightmares. May she never have to wait for someone to change her adult diaper as karma is a bitch!

I also heard Lt. Dick McHardly lost his latest fight with a handcuffed con. You can't fault The Big Dick for the loss as I guess the con who whipped his wide ass was the Golden Gloves Middleweight Champion of 1932. He is know for his arthritic right hook and Geritol Shuffle nowadays and Big Dick did not stand a chance!

I can never forget Kelly "Rubber Stamp" Wry-On. (And she won't be forgetting me as I am making her a defendant in my latest litigation). Her feigned naivety fooled many, but not the Warrior. Maybe some day she can trade in here Cole Hann pumps for some Ranger rubber boots and I'll take her out on a Tuna Fishing trip; we can talk old times!

We changed ShirleyWorld and we exposed the Sgt. Bitch's, the Lt. Urine's, and the Bear Killers scarecrow ass. It does NOT stop here. My work is going to live on their, you have my promise and the reports are coming in. Watch your asses you are under scrutiny from on high. CO Thomas Perrywinkle of the "IPS Team" (I just threw up in my mouth) and that frigging Coward Sgt. Mark Bitchards are going to have their very real comeupance. I have The Attorney General, Solitary Watch, ABC News, Amnesty International, and some other powerhouses involved in the case. The shitstorm is coming and your promotions, Perriwinkle, are out the window. See you in Court! LAWYER!!

More To Come...
