

THE NORFOLK CHRONICLES

by Timothy J. Muise

* * * * *

- JANEY'S JUKE JOINT AND RED LIGHT CAFE / RED SHIRT LOVIN'

Our "Recreation Officer" here (think pig with a soiled jock strap), Janey's Got A Gun, had to have security cameras installed in the gym bathroom as he was using the area as a House Of Ill Repute and Red Light Juke Joint. As the bands played, "Pour Some Sugar On Me", some of Janey's boob sporting athletic supporters were playing games of hide the summer sausage and ping my pong. Now this Red Shirted senior oxygen waster has always called the WallyWorld gymnasium his stomping ground, the problem is that now it is stomped by cotton-loafered pre-ops with Big Janey as their Big Poppa Pump. The Red Shirt Lovin (all Rec Officers wear Red Shirts - obviously signaling a Red Light District) that goes on down there never has the whistle blown on it and there are no fouls called ~~except~~ for the violation that is the salary they pay Janey's Got A Gun for napping and complaining about Union Business. The gym's new "corn hole" games take on a whole new meaning when Big Poppa Janey is "tossin' the cob!" His pink wrestling singlet hangs in honor behind the glass bubble from when he was All Provincetown Heavy Weight Champ. Keep up the good work Janey and always promote safe sex!

- SUPERINTENDENT ORDERS "DAY LATE, DOLLAR SHORT" "SINATRA" CLASS BOARD

Well after I reported the Queen Of Mean, Scary Sherry herself, to Commissioner Tommy Turco for denying me my right to be classified to lower security (I was scheduled to be classified on December 16, 2016, but still have not been classified to this date!) good old, I'm Just Waiting To Retire Warden Chorice Mdeiros admitted there was an "error". You're shittin me Sean? His Holy Water Wizard has decreed that I will be classified this "May 2017", sorry Sean; a day late, and a dollar short! I'm not biting. I'm gonna have me a Frank Sinatra Class Board - I'm gonna do it MY WAY and not participate in any way, shape or form. You guys and gals dropped the ball on the way to cash in your blood money and alter water quality reports. Too bad I am now in contact with David Abel at the Boston Globe and Cheryl Fianda at WBZ; NorfolkWorld's day is coming and quick! The Lies won't stand up to scrutiny. Face egg is on the way!

- DOC "GUARD APPRECIATION DAY" BIG HIT WITH DOGS / WATER REPORT

They had Guard Appreciation Day last week where they feed the two-legged pigs some barbecue food and promise not to release the camera footage of them beating handcuffed convicts. This year the NEADS Program dogs attended and were treated to pork chops, bacon, fat back, picnic shoulder and rump roast. They lived high on the hog as the swine dined and wined. The bottled water of course was provided by the Canine Wellness Committee. Great work men!

More To Come...
