

my name is Jack's Herzogson, I go by Kakamia Lammaisha
a name given to me by my baby sister, it
means "undying warrior." I can say, I was at one time
but now I'm not so sure!

The State of California is a evil place when it
comes to prison, youth and rehab. Don't take my
Smile as feality, but know it as what it is, A
mask! for 20 plus years I have been in this
place. Never to feel the COMPASSIONATE touch of a
woman. I have fallen in love with others who
have nothing more than a mirage. I yearn for
the touch of a beautiful TRANSGENDER because the
state says that I am NOT DESERVING of family
visits because I am a liter

7 to life feels like life without, you see,
California makes a profit off of us where as
other states attempt to actually rehabilitate.
I see corruption on a daily basis. Cops who bring
in cell phones and dope, and if you say anything
you are labled a Rat, Snitch and even worse,
so you have no choice but to Suck it up and
watch as the media spreads lies to the public..
people wonder why I want to shut the whole
thing down, I'm tired my friends... I'm tired, I
beg of you - Help me....
