I STRIVE FOR EXCELLENCE

Governor MR. JAY NIXON: and AMERICA "GREETINGS"

My name is Mr. JOHN FROST. I am currently incarcerated in Charleston Mo. at the South Eastern Correctional Center. For a crime in which I never committed, but only learned knowledge of through friends.

The victim of this crime name is Mr. JASON [REDACTED] Mr. [REDACTED] was murderer on Jan 25, 2000 while working for the Laclede Cab Company of St. Louis City. On Dec 8, 2000 I also became a victim of murder.

I also became a victim of murder but in the way of Mr. [REDACTED] I became a victim of False Accusations that was falsely inflicted upon me by the accusers... On Dec 18, 2002 I was found guilty of 1st Degree Murder, 1st Degree Robbery, and 2 counts of armed criminal action: I was sentenced to Life without parole for the murder, life for the robbery, 30 years for the armed criminal action that caused the murder, and 30 years for the armed criminal action that caused the robbery.

The evidence that the state discovered from the scene of this homicide was two left hand gloves. "One Red in color and one black in color". The state also seized the head rest, doors, food containers, and other items from the vehicle.

Also, the F.B.I. kicked in some childhood friends of mine house in which the motive was drugs behind the search warrant. Now what was confiscated during the search "I don't know". However, and whatever it was that was found, it made Mario [REDACTED] and Jonchez [REDACTED] agree to do a sting on me in support of the information that they frivolously introduced about the homicide of Mr. Jason [REDACTED] that occurred around the vicinity of the house. Mario [REDACTED] and Jonchez [REDACTED] was ordered to come and pick me up in a F.B.I. covert vehicle wired for sound, and to take me to a hotel that was also under audio surveillance and video surveillance.

When I entered the car, The 1st place we went was to the liquor store to purchase some Cisco alcohol, which is a strong content of liquor. After getting me drunk some how I suppose to have admitted to the homicide of Mr. Jason [REDACTED] (I don't Remember) Also on the day of Mr. [REDACTED] demise, Mr. Andrew Wise said that I came over and changed cloths with a smoking 38 in my hand. The cloths in which he frivolously said that I changed out of were also turned into the evidence lab for D.N.A. testing. An unknown individual named John [REDACTED] was suppose to have been the individual that they say committed the crime with me. Mr. John [REDACTED] was picked up and questioned, given a lie detector test, and then discharged!

All of the evidence that was seized was "Tested for D.N.A." regarding me & the unknown individual John [REDACTED]

The clothing that Mr. Andrew [REDACTED] said that I changed out of came back inconclusive regarding me & the unknown individual Mr. John [REDACTED]. Also the two left handed gloves that were seized from the scene of the homicide were also D.N.A. tested and came back inconclusive regarding me & the unknown individual John [REDACTED]

On the day of my trial all of this evidence got with held from the jury & never mentioned. Governor Mr. Jay [REDACTED] I am innocent, and also a victim like [REDACTED], Theirs D.N.A. to prove it!!!

Let me also introduce you to more critical evidence to also justify my innocence: on October 20, 2010 I and another offender got escorted on an out count for medical reasons. I went for a medical X-Ray, the unknown offender went for a prostate leg examine/ leg change. The officers who escorted us was co/1 Mr. [REDACTED], and co/1 Mr. [REDACTED].

When we arrived at the prostate leg INC. Mr. [REDACTED] escorted the unknown offender into the building to see the doctor, while mr. [REDACTED] stayed in the van to watch me.

In the process of us waiting for them to return, my bladder got really full. So I started talking out loud to myself saying that I have to urinate really bad. Officer [REDACTED] heard me and politely asked me would I like to use the rest room when the other officer returned to the van with the other offender? I politely said it would really be appreciated. As Officer [REDACTED] returned to secure the offender, he then escorted me to the rest room inside the prostate leg building. I entered the rest room 1st and went straight to the back stand up stall. Officer Richman stopped in front at the very first stall on the opposite side of mine. His back was to me, and my back was to him. Right beside my stall laid a fully loaded 38 smith and weston five shot snub nose revolver, about one feet from me inside of a carmel holster of leather like fabrick. So as officer [REDACTED] continued to urinate, I then looked back and noticed that he was totally unconscious & unaware that I had access to a gun. I then called officer [REDACTED] name while he continued to urinate. He answered respectfully; then I responded by saying that the devil is trying to set me up. He then responded back by saying why do you think that Frost? At this time he is now washing his hands, I went over to the sink with him looked him in the eye and said do you know there is a fully loaded revolver in the window next to my stall?

3.

He then said well Frost is it a toy? I said no it has bullets inside it. He looked at me and smiled, I smiled back and told him I'm going home the right way, and not the wrong way because I'm an innocent man.. As we exited the office there was a dog laying on the floor by the exit door, I called it with a kiss sound. Then returned to the van on the way back to prison. These are not the actions of a guilty man!!

A murderer without a date to ever go home!

A guilty prisoner with life without the possibility to ever go home.

Would have took advantage of this opportunity to get free!

He would have killed Mr. [REDACTED] retrieved his gun, vest, and killed what ever else threatened his goal of escape!

It was a 100% chance of escaping!

A true murderer doesn't fear murdering again, whenever the opportunity arrive to apprehend a gun to get free he will without fear!

I am a innocent man!!! Officer [REDACTED] life was in my hand this day and several more lives as well.

I am a great man..

I did not commit a guilty act! I committed a act of innocence by bringing it to Mr. [REDACTED] attention.

With the hope, and faith of God that one day the truth will revealed about my case/ plea for justice!

If I was the murderer of which I am accused of being, then why did I not murder again when I had the opportunity to in order to get free?

When I have no out date at all! If I was guilty of this murder why didn't the state witnesses report it on the day that it happened, instead of a year later when they got in trouble?

The record state that I have nothing to lose! well, why didn't I escape if I had/ have nothing to lose? I know why:

It's because I have a lot to lose, and a whole lot to gain!

I have love to gain, freedom to gain, respect to gain,

I am destined to show america that I am and can be a productive citizen of america!

I have courage, honor, I am brave when it comes to making the right decisions!

I love not only self, but all walks of life including

officer [REDACTED] I believe in those that don't believe in me!

I will protect those that wouldn't protect me! I will save the lives of those who think I will take their lives!

4.

I feel a great level of sympathy for the family of Mr. Jason [REDACTED] and truly despise the fact that they haven't gotten true justice regarding the demise of Mr. [REDACTED]

I pray and believe that the murderer will one day surface, and be held accountable for the evil deeds in which he inflicted upon the hall family, and the Frost family!

I don't regret being in prison for the time I have spent. Prison has molded me in ways that most young men needs to be molded, that don't have fathers to lead them towards their full potential of success/ man hood!

My conduct of this environment hasn't been the greatest; because of the diabolical people & events that sustain, it won't allow change to reflect fully externally. So I've learned to conceal it internally until my conditions change for the best! I have a goal to accomplish; my goal is to prove to the world that I am not a murderer!

I am a growing young man that's been victimized by the Mo. Penal System, and so has the Hall family, because still theirs Injustice!!!

America What If?

Officer [REDACTED] would have spotted the loaded revolver before I did? and seen me standing beside it urinating & got paranoid, then drew his 30 shot 40 caliber automatic hand gun and killed me. Assuming that I would have reached for it to harm him in a plot to escape, when my intentions were harmless and most of all controlled by the truth that dwells deep within my heart & mind!

Would the truth of me being murdered ever surface?

Or would it have been swept under the rug with false stories being told to my family, like the [REDACTED] family?

The truth of this matter is that the homicide of me would have been justified, but if I would have brutally murdered correctional officer Mr. [REDACTED] it wouldn't have been Justified, but only glorified by the meteor, and memorized by the world!!!

Why aren't my actions of truth being glorified?

and would anyone ever remember the righteous decision that I, Mr. John Lee Frost 3rd made on 10-20-10 ?

Or would the world continue to view me as the murderer that I was falsely accused of being?

I've been labeled as a zero; how could this be? when I exited my mothers womb as being her little HERO!!!

Sincerely: THE FORGOTTEN ONE
