

Dear Reader,

Nice to meet you. But, first and foremost I hope that this scribe finds one well in the best of spirits and physical health as well. I'd also like to thank you for just taking time out of your day and or busy schedule to be concerned enough to see what is going on in my mundane and at times draconian life. Gratitude!

Under normal conditions, appearance and communication is key in casual encounters. So, I certainly could understand any precautionary concerns you may have due to the hype that has been placed upon prisoners by society as a whole, The Judicial and Penal authorities also. I'm just a man who has made some poor decisions, because of circumstances. I'm paying what is due of me. Once this ordeal is paid in full I plan to move forward on the straight path without bitterness in my heart and with much perseverance. Along this journey I aim to redefine my life, friends, and influences into a more broader and positive prospective. Hopefully, you will be one of the inspiring catalyst to this effect.

Nevertheless, while my government (legal) name is Keith, friends and acquaintances call me "Stone". I'm 5'9" in height, 195 pounds, and I'm 42 years old. That is me you're seeing in the posted photograph. I was born and raised in Chicago, but, had been residing in the Twin Cities (Minneapolis/St. Paul) for 13 years prior to my incarceration here in the state of Wisconsin, in 2005. Long story if you care to hear it?

Well, I'll close here, but, I hope that you'll give this opportunity of our encounter to unfold into a beautiful friendship. If you reach back as I have reached out to you, I assure you, you will not be Disappointed....

Sincerely,  
Kind Regards,  
Keith.
