

Hello world.

April 3, 2011

In my ennobling quest for Truth, I suppose some of the vistas I present from time to time may be too strange for you to comprehend, so I will endeavor to de-cipher some of the more expressive elements within my cryptic blogs.

For instance, under my Viking Dragon Ship, the words are french: "NOUS VERRONS CE QUE NOUS VERRONS", for: "We shall see what we shall see". Above that: "VOGUE LA GALERE", means: "Let the galley be kept rowing; Keep on, what ever may happen". And above the billowing sail - and the proverbial Black Flag - is another french phrase, only written in the very mystical Elder Futhark Runes. Here they spell-out: "Journal Intime", and means: "Intimate Journal". All this de-ciphered together with the vessel... it appears that I've set sail on another adventure, doesn't it?

Look, I intend for my journal to be obscure in the most part as a challenge to curious aspirants who may become curious enough to solve the mysteries in my blogs their self. These foreign phrases are found in the Foreign Phrases section in the back of a Merriam-Webster dictionary, for crying out loud!

Teachers open the door but you must enter by your self.
Read ~ Study ~ Reflect

As for the Runes though, they may secretly spell-out words, but each individual rune also holds mystical-occult significance much the same as Hebrew letters do for those Initiates of the Kabbalah. So what do the runes mean on the first page above the entwined circles and squares, you may ask?

Let's see: "T" (N) is a two-pronged concept of Need and Deliverance from distress. "T" represents the cosmic force used by the Powers that form the "fates" of mankind and the world. "T" also represents the concept of stepping-forth-into-manifestation.

And: "K" (K), traditionally means: "torch" or "light". Literally, "K" means: "to know", to "be familiar with". "K" stands for ones Will to seek, gain, apply, and recognize, and relates to the teaching and learning process.

Hence, following my opening declaration; ~~The cause of human progress is my cause~~..... you see the accolade: "fiat lux", which is a latin phrase for: "Let there be Light".

Perhaps this Journal Intime blog. site may just be a facilitator to aid mankind's search for identity (by example and encouragements), for developement, and for destiny, and thereby achieve better men in a better world.

For the Love of Truth, Nobility, Genius.
I welcome this challenge and truly appreciate the ennobling assist of all who have influenced my life. Thank You.
I too pledge:

Noblesse Oblige

Be blessed in your blessings
