

Blog For Prisoners & those who care about them.

I want to tell you if you don't already know that mail is very, very important to us prisoners and I would like to share some excellent pen pal services that I have used or seen used by others that will help a prisoner or those willing to write prisoners.

First is my friend Abe Andrews, Editor of 3-D Company Worldwide Pen Pal Magazine. It is a quarterly magazine that is packed with ads of people all over the world. You can place an ad for \$5 or get the magazine for \$5.

My Address: Jerry Widner #1348765
9055 Spur 591
Amarillo, Texas 79107

I will share other addresses for pen pal later as I know the importance of mail for prisoners.

This is just my second blog and my first experience at this so I thank you Between the Bars for giving me this chance. I welcome letters and comments from anyone. I will answer any mail and if it's from a female the response will be immediate. "

Thank you very much.

Sincerely,

Jerry Widner

Another great service that is provided
free of charge is Pen Pals Behind Bars. This
is an individual who will place your ad
on the internet. Yankee is great at this
and does it in their spare time. You must
send a self addressed stamped envelope and
Yankee will send you a form to fill out.

This form will explain completely but you
must have a photo of yourself. It is a
great free service provided by "Yankee".
