

Dear Claudia,

Thank you for responding, I appreciate the feedback and your interest. And I ask for nothing more than your friendship, thats more important than anything to me!

Yes, I am currently incarcerated for selling drugs which led to a fight at a nightclub and three people being shot. I was given ten years for causing the problem, which I do take responsibility for, I put the blame on no one else!

Believe, I have learned from my mistakes and take everyday as a opportunity to grow and teach others what no one took the time to teach me.

My favorite hobbies are; reading, (my favorite author is Walter Mosley), doing crosswords , swimming.

I would gladly like to express more to you in a more timely matter, and if that is o.k. please write to me directly! Please understand that I will show the upmost respect to you in everyway!

May God Bless You!!
