Hey Vitor!

Wow! I was very exciting to get my very first comment from you! 😊 I know it's been awhile but hopefully you have not forgotten about me! I have my address to where I'm at on my profile page and would love it if we could correspond to each other. I understand that your english is not so great but I would love to hear from you! I was so happy for what you said about my drawings! 😊 Thank you, that inspires me to work harder and get more creative! I want to be able to develop my own sense of style to where people could look at something and know I'm the one who drew it! Please tell me more about your career as a graphic designer. How does someone go about getting a job like that? Thank you

So much for contacting me. Well May 12th marked my 7th year of being incarcerated. I think the most suffering I do in here is just being away from my loved ones. Texas is a very big state and I stay on one side of it and my family is on the other side! With the economy and gas prices I just don't expect them to make the 8 hour drive over here. Of course the living conditions here are not great but I did the crime so now I must pay.

I hope that we continue to stay in contact. I would really like to get to know you as a person. Please write when you read this! I'll be waiting! ☺ Hugs.

P.S. I would love to hear anyone & everyone's comments!
