

THIS MYSTERY CALLED... WOMAN.

Hello my friend & welcome to my latest train-of-thought (Aw man, here we go again). I regret to inform you that unlike my preceeding blog, I am no longer NAKED (Bummer, I know). But, this I assure you is STILL the absolute TRUTH. So ~~kick~~ up your feet, relax w/ me and allow me to stimulate that ol' cerebral Cortex ("You talkin' bout the funny bone?" No.)

This depressing weather has FINALLY taken a break & the setting Sun is displaying his splendid radiance, which has created a beautiful setting for this topic - THIS MYSTERY CALLED... WOMAN. In these unfortunate & subhuman standards of Solitary Confinement that I am forced to endure, I cant help but be amazed at the sublime opulance of Nature @ Spring time. There just happens to be a 6'x4" slit in the wall (a window, maybe) that affords me a limited (& I do mean LIMITED) view into a large field, some trees & a small glimps @ the World far beyond. I ask you - What is Mother Nature but a reflection of a WOMAN @ her FINEST? From her springs forth the things that sustain our existance. She guarantee's us that we will only REAP that which we Sow, her soil being a vast WOMB that incredibly give's birth to LIFE. And ponder this - There is 1001 ways to TAKE a LIFE, but only 1 way to MAKE (CREATE) a LIFE. Now that may seem mundane to you, but, if you really consider the immense complexitie's involved in the process then you'll agree that it is nothing short of a MIRACLE. ***

Now an even deeper question - WHAT IS THIS MYSTERY CALLED WOMAN & FROM WHENCE SHE CAME? (Mind boggling huh?) Please don't regurgitate any foolishness that she was created from a man's rib (what the f***?), because then I'll have to challenge you to PROVE IT (& you can't). What CAN we PROVE? That WE came from & through HER. Although I have been dragged through this unfortunate debacle ultimately due to a WOMAN (No, I'm not BLAMMING her), it hasn't made me bitter or condescending towards WOMEN in the least. I understand the emotional & psychological factors that contributed to my demise. I have identified exactly how & when I could have prevented this particular outcome. I have continued to develop relationships of varying degrees w/ other women, female guards & personnel ranging from mundane, to cordial, to very (sometimes Very Very) intimate. & as I have nothing but TIME to reflect, examine & ponder things of interest to me, I have come to be utterly... FASCINATED w/ THIS MYSTERY CALLED... WOMAN. (check out my melody...)

As there exists many "caliber's" of men, so too is it w/ women. PROVERBS 31:10 says - "Who can find a VIRTUOUS woman, for her worth is far beyond rubies." And yes I STRONGLY agree. ALL women possess a "MAJIK" that men will never quite understand (some call it the power of attraction). I do admit that most men think w/ their "Other Head" (Yeah, that one) & easily fall prey to this powerful pulsation that emanates from the very center of this ethereal creature - WOMAN. But a truly Good woman is one who possesses a NATURAL BEAUTY. What is NATURAL BEAUTY? You will know it when ***

*
* you encounter it as it originates in her SPIRIT, radiates OUT-
WARD & has nothing to do w/ make-up, clothes, shoes, jewelry,
perfume, skin color, height, weight, etc. (You dig?) It truly is a
shame that women have been indoctrinated to equate super-
ficial attributes as a true measure of BEAUTY. I shake my head
in disappointment when I see how our women willingly submit
themselves to be exploited by the music & entertainment industry.
And all for what? The mighty DOLLAR. But who can find a VIRTUOUS
woman?

A GOOD woman makes a GOOD man want to be even BETTER.
(Straight-up). And every GOOD woman deserves a GOOD man. You don't
have to be "Ms. INDEPENDANT" sweetheart, we were created in
pairs - therefore we BELONG together. (Real deal) What's the positive w/
the negative? The Alpha w/ the Omega? The King w/ the Queen? & all
vice-versa? I'll tell you what - Lonely... Incomplete... Extinct... A
BEAUTIFUL woman creates beauty & harmony in her life & in the lives
of those around her. & I've learned (before I came to prison) that the more
you LOVE & CONNECT w/ her then the more beautiful she becomes. &
believe me sweetheart I understand your struggle to find a GOOD
man. The sad TRUTH is that alot of us are sitting right here struggling
to overcome this nightmare. (Don't believe it? Then get to know me)

Fella's, that "Playa", "mack", "pimp" & "Gangsta" S*** is played out.
(Straight-up) "Keepin' it REAL" means being TRUE to yourself by being
YOURSELF (& that takes some REAL soul searching my man). Just like the
moon reflects the light of the Sun, so does a woman reflect the ways

★
of her Man. And that's a fact. So, if you can't handle it then send her my way & I bet she won't regret it... (I'm just sayin')

WHAT IS THIS MYSTERY CALLED... WOMAN? I'll tell what she is - she's a CREATOR, she's a MIRACLE, she's a QUEEN, she's a GODDESS, she is ISIS the Holy Trinity (Woman, Moon & Earth), the Great Triangle 3 in 1 powers of Infinite CREATION of Children, Water & Plant Life. Her TEMPLE is the EARTH & the BODY which is CREATED by the MOTHER from CONCEPTION to BIRTH in the course of 9 MOONS (Months) % the use of nails & the sounds of a hammer. Thus the HUMAN BODY is the "TEMPLE OF GOD" of MOTHERS (WOMANS) Grand Perfection, referred to in MYSTERY as GOD! (Say what? Yeah check the science). But one question even I can't answer - FROM WHENCE SHE CAME?

FROM ME

TO YOU

Dare to wear it?
