THE GERMAN POWER NETWORK MOVEMENT

INTRODUCING

A MOVEMENT TO RECORD AND CELEBRATE GERMAN
EXCELLENCE AND ACHIEVEMENT AROUND THE WORLD

CELEBRATING GERMANY'S HIDDEN STRENGTH
IN THE WORLD

HELLO AND WELCOME TO THE GERMAN POWER NETWORK MOVEMENT. FINALLY,
SOMEONE HAS DESIGNED A UNIQUE AND WORLDWIDE MOVEMENT TO RECORD AND
CELEBRATE GERMAN EXCELLENCE AND GERMAN ACHIEVEMENT IN EVERY CITY IN EVERY
COUNTRY ON EARTH.

Our mission is simple. We are going to highlight Daily German Excellence and Achievement by building local community websites that will tell the German people who exactly is excelling and achieving great things. Who is the Best at what they do, and what is taking place daily in that particular German community.

We want to build a mighty network of local German community websites that will highlight the best of the German people. This is a one of a kind positive, self-affirming German Excellence and Achievement movement. If you are German, this is your chance to be a part of something new, different and fast-growing. (More about your contributions later.)

On this Blog post, we at the German Power Network Movement want to highlight probably one of Germany's hidden strengths in the world, the great Mittelstands, the mostly small and midsize family-owned entrepreneurs that form the back-bone of the German economy.

They export great GERMAN precision machinery AND various other products around the world. They don't get the exposure or the accolades that the BMWs, Siemens or SAPs get, but they are prolific in their own right.

This Blog posting wants to have someone give testimony to their greatness.

Will someone please at the end of this blog posting, post a story or a couple of comments about any GERMAN companies that they might know of?

It is important not only to gain a greater awareness of these great GERMAN companies, but to help give them more exposure to possibly sell more of their products around the world. Please tell us if you know of any GERMAN companies that excel at what they do. Why do you like their services? What makes them so much better than their peers? How can the rest of us support this company? This is your chance to highlight a great GERMAN Mittelstand.
