Writings From Behind the Bars
with Wayne Shipman

As the Federal Courts did rule on the over crowding in the California Prison System, it will still take years for anything to happen. As I have said in my blog, I have 25 years to Life, for "Joy Riding ". Let me say that I am no angel, but I did not deserve a Life sentences. I already have 13½ years now, and I have changes for the better this time. Over the last few years I have been taking different groups, trying to find out what is wrong with me. If I ever get another chance of freedom, I will surely not waste it, I want to work with young adults and kids in gangs, and problems with the law. I believe that I could to a lot of help to them.

Last year I was elected Vice Chairman, of the Veteran's Support Group here at Mule Creek State Prison. And over this past year, we have done a Letter Writing Campaign for Operation Gratitude, and April 10, 2011 we did a Run/Walk for Veteran's raising almost \$1700.00 for Operation Gratitude. My gold is to continue to help our Troops over seas and here at home. If any one has any ideas for our Veteran's Group to help our Troops, please feel free to write me or blog me.

Respectfully,

Wayne "Woody" Shipman
