

Life Incarcerated

Being trapped in this nightmare living hell hole. Indeed each day goes by I'll managed to maintain my sanity as well keep my dignity. most importantly continue to strive, hold my head up high in this unnatural living hell on Earth.

Overall, despite the fact, sometimes when a person gets locked up, all of a sudden they are forgotten about. Why is that, cause people on the outside world thinks, out of sight, out of mind, but most people should start to be more understanding, because for one thing for sure, everybody makes mistakes.

Peace out | & Let's overcome the struggle.
