

"A Man"

A man is someone strong.
He knows where he belongs
A man has a plan
And he does all he can.
A man gives true love.
because he knows it comes from above.
A man is great in bed.
by the way his name is Fred.
A man will protect what's his.
On the other hand he realizes what it is.
A man will remain true.
because he knows what he must do.
A man with a brain.
will always comfort you in the rain
A man is real bold.
He has a heart of gold.
A man's love is hard to find.
so we must not be blind.
A man is really fine.
He tastes like some rich wine.
