All THESE People movin to Texas its really about to be messed up, its Already crazy w Gov. Rick Perry, He reFused \$35 billion in Bailout money in 2009, Hes cut Medicaid, AND the STATE Has A \$27 Billion Mismanagement w Funding, THE STATE Unemployment rate is Fairly High even though THE STATE Has been able to supply THOUSANDS OF Jobs. Texas Already Has A Ridiculous Habit of locking people up, THE Prison System is already in A Midlife crisis. . . . Sen. John Whitmire said he was going to cut Funding For the Klineham School District (TDCJ) For Educational And Vocational Trades, By laying off Teachers and shutting trades down which will Bring the state unemployment rate Higher, HE Also said He was going to shut some prisons down we already Have A embarrassing amount (128) when they Do shut more prisons down they will Have to lay off Corrections officers as well, AND we all know this, THAT should put a reasonable dent in the problem, TDCJ is also at 96% capacity, which is not supposed to exceed 85% per Fed Judge So THEY Have To Kick a whole bunch of people out of Prison which is good. Mainly No violent offenders, OFFENDERS under the 1/4 who HAVE did 17+ yrs on Agg life ~~with means they will have to~~ who are required to do 30 to be Eligible For Mandatory Supervision, THEY will Also Have Pass a retro Active law in 2012 legislative session droppin the Agg. criteria For parole eligibility Back down to 1/4.
