

Boggers.

hey whats up Everybody! how is your day going?  
Im sitting here at work trying to stay away from the  
heat its at least 95° outside right now. If I  
didn't have to be at work right now I would love  
to be out there in the sun and working out! its still  
somewhat of a shock to me because I spent 4 years  
in High Desert level 4 now there it snows in the winter.  
I enjoyed that because I had never really gone to the  
snow or anything with friends or family! but most of  
the time there we were on some kind of lock-down! but  
Even then lock-down's are not that bad you just have  
to get yourself use to the fact that you will not be  
comming out of you cell for a few months! and  
now being here I have to get use to the heat and  
the Rain! so what is Everybody doing this weekend  
anything special or Intristing? I would love to hear  
about it. or see pictures! so not much is going on in  
prison life! Right now all the Inmates are filing 602's  
because the prison is feeding us so much soy and  
wow if your not use to soy it smells so bad and  
tastes so nasty! I know its supposed to be good  
for you but damn its sick. we well have a good day  
don't forget to check out my profile and please feel  
free to write any time. I'd love to hear from you.
