

" Hurt "

Hurt- where were you when I was going through the pain?  
as I looked out the window it began to rain.

Hurt- you told me you was my friend.

Someone who would last until the end.

Hurt- is something I don't endure to well.

just look at me you can tell.

Hurt- is not good!

I believe it got something to do with our hood.

Hurt- is something we all face.

so it has nothing to do with race.

Hurt- can cause a lot of danger.

from an unknown stranger.

Hurt- will make us weak.

on top of that we want be able to speak.

Hurt- is a sign of depression.

In this awful Recession.

Hurt- will make you become so cold.

We'll begin to act so bold.

I'm open for any opinions and comments!
