I went to Vincent high school where I received my high school diploma.

From there I went to the University of Mississippi where I got my B.A. in Business Management and my Masters in Child Psychology. I also helped write a thesis on Psychosocial Maturity, which will help Parents as well as doctors and our legal system understand the development of the juvenile brain, which in ~~turn~~ turn will give you some insight on how to deal as well as relate to your kids.

Religion! I'm a Muslim I've been a Muslim for the last 13 years. I'm from the United States. I was born in the United States in Lexington Mississippi. My family moved to Chicago, then Wisconsin. When I completed high school I moved back to Mississippi to attend the University of Mississippi.

Hobbies/My hobbies are playing basketball and football as well as bodybuilding. I like to travel. I like to read a good book by Dean Koontz, Psychology books by ~~Ken~~ Kenneth J. King and some good Theses by Dr. Abdul Beird.

I'm looking for someone I can network with, who has the experience of owning and operating a small business. I would like to hear some of your ideas on how one should go about starting a small publishing company in today's turbulent economy. I'm planning to write some children's educational books, as well as some how-to books. I hope we can continue to share ideas on our quest for success.
