WHATS Really Going on?

Now Days Switchin Aint called Switchin, its called gettin Dow For Yours... And the First excuse is that rules are No longer being implemented with that being said, Some feel there should be no reason to play Fair because the next man is violating the Cr. Code... IT used to be when you get to the Feds when you get off the bus you put ya PSI on the table, if you cooperated with any type of Authority your PSI tells everything. Now when you get off the bus they dont even issue PSI reports For the SAFETY of other inmates. If somebody cooperates w the Feds And turns witness AND choose to be ANONYMOUSE, You can be labeled As A Confidential Informant. BACK IN 1996 when my Mother worked For TDCJ (Texas Dept. of Criminal Justice) @ the William G. McConnell Unit, When the FEDERAL Govt. Had Been approving Funding to build over 60-70 Prisons from 87-2000 when A lot of new units stayed on lockdown because people were getting Killed For Racial Riots AND Gang Riots, when you got off the bus As soon As you Hit the rec yard You Fought 3-4 people in a (Back Door) When Texas Prisons was infested with Texas Syndicate, Mexican Mafia + Crips. Almost Any Unit you go to talkin about you were A Blood you were getting jumped because they tried to Kill you. Where Texas Syndicate + Mexican Mafia were Fighting + Killing like crips + Bloods + California. As quik As they were building Prison, they were packing Prisons. IN 2001 On John B. Connelly in Kennedy Tx 7 inmates From Connelly escaped successfully At large For 7-10 days. LATER on in that year TDCJ Evolved into A SAFE Prisons reform, THE New Wave Prison w cameras to track extortion, Now its SAFE to say your a Crip, Blood GD, BD or ANY gang or Click. Any inmate w 50 yrs or more with under 10 yrs in Prison were now Heavily supervised under Cameras, whos inmates Had Assault History against Authority or were known For Escape risks, You Now Do 10 yrs on Medium Custody As a SAFETY Percuation Designator. When you get Jumped by a gang or run in to trouble w gangs Authorities Can Be Notified to assure your safety.

A place where inmates walk around w Killer instict attitudes portraying to be guillas, really pick there upon. Now Days your gang comes before Your Hood or your Block or City. Loyalty is now Frowned

Here on the Telford Unit where the percentage of African Americans Fairly High... THE Black CD walk in Fear of their employment, And the Unit Warden AND Unit Majors Stress that right or wrong the CD's are not supposed to take sides with offenders - THIS IS THE New Wave Prison.

Political Incline the ultimate Power move

In the Urban Society + Penitentiary, Politics is shunned As A word it is also ostrasized as a subject But my Peer group amongst Society in Prison Fails to relize everything that Happens in General, public is subject to Political inclination. And Political, Public + Sports Figures as well as Entertainers, Are involved in the same affairs that urban society live through theyre just cut From a different Cloth.
