

## Who's The real Criminal?

I live on a cell Block and all day long my prison door stay locked. I've heard many war stories, and how men killed, Robbed, died and Conquered New territories.

These are places where Crooked prison guards smite in your faces Society's rejects, throwaways, They call us load us up like sardines and in these dungeons they hall us

Mom's shed tears through the years an expression of how they feel knowin' their sons are locked behind steel

The years go by and the tears dry like old rain from the sky Madness often cover the admesphere, but he knows that hostility is the biggest, baddest m\_\_\_\_\_ around here.

A letter from my princess started a duel with my emotions, I grabbed my ink-pen and moved in the signs of an ocean.

Blood-thirsty politicians play on the minds of Americans that'll listen. Is this why the poor and oppressed is steadily coming up missing?

IF I can get a message to the  
grave and talk to my moma.  
I'll tell her my life is ~~F~~ up  
and full of drama.

Hidden Agendas, Chicamery, and left-  
handed signs

In to a new dimension, this sh  
has taken my mind.

It's a Cold demonstration living in  
isolation, watching foul-acts traced to  
premeditation unfolding like Sunflowers  
on a field of vegetation.

I got a heart of fire that burn  
at my desire, a most high that  
push my mind higher.

I ask the question who's really a  
criminal? ~~A~~ thought that burst  
from a place subliminal.

Was not this country built on  
crimes? Unspeakable crimes that  
many would like to erase from  
their minds? George Washington  
and Thomas Jefferson both raped  
because of passion

Remove religion and replace it with  
homosexual action

IS this what the \_\_\_\_\_ Politician  
askin'?

When you turn on your T.V., all you get is the Western men views, The Western men news.

Anger, Violence, War  
Shutting out the poor  
Discrimination against the Blacks-  
moons

The Indigenous peoples live in  
Concentration camps known as  
reservations,

Victims of Touba's gangstering their  
nation.

IS every white woman a slut?  
do every Black woman have a  
big butt?

And you'll probably say "Hell N'all!"

So rebel, y'all. Against stereotyped  
that start fights between Blacks  
and Whites.

"Police moves" being pulled all around  
me,

"Bustaz" plattin' on different ways  
(that) they can down me.

The administration tellin' lies  
to knock me on my knees,

But I stand as a man and  
continue to fight this animosity.

All day long the belligerence rolls  
on-

like Warriors on the Battle-  
Field

so my ~~Mind~~ mind is my sword, and  
my courage is my shield.

Salaam!

Salaam!

Salaam!
