

Finding Ourselves

When I was young, I use to DATE MALES/FEMALES not at the same time, though. Females like to be spoiled by a man they seek their attention all the time and, they like to spend money constantly. When I DATED them, I spoiled mine ALL THREE. They cherished me too.

I can't complain. ON the other "HAND MALES" like to be sneaky tell Lies and, want to CONTROL you 24-7. AND we as Females that DATE THEM like the BAD BOY Type. "REAL TALK." My thing is NO MATTER who you DATE IN LIFE,

Always get joy out of the other person.

If you are pleased with their performance.

Remain there, IF NOT END IT. It's All About Satisfaction Guaranteed with "ME". AND it

should be with you too. I've Dated both SEX in my Life but, I prefer a MAN anyday.

He can bring the TRUE WOMAN out of ME. He can make ME laugh, talk, walk etc.

Ycah I've had some bad relationships with in the past, but I want Trade my African-American MEN for Nothing in the World.

I Love the fact they are strong, sexy looking, Get Money And, will protect their woman like myself.

And Black IS Beautiful. BIB. I'm not Racist either. But, the WORLD DON'T Give them Any credit so I will, and, there's No Perfect Marriage, Relationship etc. But, I'm what you call UNISEX.

Let's continue "Finding Ourselves".
