

B+B,

THU  
6-16-'11

Back in action, huh? Well shit, here I am! ☹️  
I'm doin aight... givin my circumstances. Haven't sent a blog in almost 6-7 months. Guess it's time to enlighten the viewers of my current situation. I'm in level 4B now... complete lockdown. Yeah, I almost made it to a level 3 camp, but I ended up getting piss tested "a month" after they pissed me the first trip! I wuz waitin to ride out & they surprised the shit out of me... no B-Day cake, tho! They caught me throwin water in it... red-handed! Guess that dirt-cheap weed wuzn't worth it after all, huh? Sure did help give me a peace of mind, tho... "escape" my current circumstances that will "make or break" ones mentality in here. Don't get me wrong, I'm no dupe fiend. Only thing I'm dedicated to is the hustle.

So, anywayz, I have 3 more months to do in 4B so I can get to the compound (4A: a little bit more freedom/movement). I officially have 18 months left! Sheeesh! ☹️ Thought I'd never walk this 7 yrs down. Nice lil bit, huh? Strong individual wit a strong mind... shit's nothin. I remember bein in the county goin to trial for my case, 19 yrs old. A MF in the county tried to tell me to watch out for them fags cuz they're gonna get at me. I remember watchin all those penitentiary movies bout all them repes. I told myself they'll have to kill me cuz I'm comin to kill somin! ☹️ I say that to say this, prison is cracked up to be somethin it's NOT anymore. I wuz 19 yrs old, pretty lil white boy... but damn I wuz wild... punchin on everything! ☹️ HA! Guess I had a chip on my shoulder, couldn't brush it off. Yeah, that just popped

in my head, I thought it wuz funny how my mentality has changed. Prison accepts fags nowadays like it's "cool" to suck & fuck another man. Oh well, do what you do, just don't bring the shit my way. Feel me? Stay the fuck out my lane & I'll be out yours. That goes for everybody, tho.

My DAWG "Cheese" got transferred to OSP up north. MF is lovin it! ~~X~~ I miss his hoe-ass. He wuz my right-hand. You'll see if you get on National Geographic Channel.com → All episodes → Hard Times → Worst Of Worst. It's got a couple years left. We been stayin in touch. Not too often you <sup>meet</sup> a dude like him. Then the administration put us in the same block! ~~##~~ That wuz a recipe for disaster... we call it VICTORY, tho! Well, we fell in the end, tho.

My mind's racin 100mph tryin to drop some energy ya'lls way. I got 1/2 the block callin my name, a few letters to write... I'm out! Hope I hear from an admirer. Til then... I'll be in here Focussed on the future...

PS - If my one "Lil Buddy" is readin this, "How have you been?"

RESPECTFULLY  
TO MY FANS,
