SOMEWHERE, Somehow, Something has significantly, Changed. Because I'm beginning to understand the elemental forces of razorwire and 12 foot fences that surround ME. It has occurred to ME, that the problem with doing nothing, is NOT knowing when you are finished. In reference to my 1st posting. I'm going back to the courts and see if the Judicial system will pay attention, this time. It's simple really, Can the facts stand up to reason, or will rigorous, bias, scrutiny chase the truth away? Because the basic number one rule is; Truth cannot change. When I work through this truth, I know things will change. I can visualize myself out the gate. I can hear it being pulled through the rollers and razorwire, making a small whine against the wind, I would take huge strides as I ran seeming to step and float a long ways, before the next foot struck the earth. I'd feel like I was flying free. Fresh air, I've been gone a long time, I am HOME MOM.....
