

HEY I GUESS I'LL JUST SEND IN A COUPLE OF MY POEMS, HOPE YOU ENJOY THEM.

CRAVING PAIN

Streams of red
Flow from our unions.
Grip of steel
Shred my emotion.
Black, piercing claws
Exact joyful punishment.
Femine strength
Across still cold veins.
Unrealistic love
All craving pain.

SUNRISE AT A WATERFALL

To see in reverse
a flawed belief
is to discover the meaning of life,
There is nothing in life worth dying for.
Then, there is also nothing in death
worth living for.

FEAR NOT AN END,

Be,

Now,

Smile. :)

Shattered

I weep because I cannot laugh,
I mourn for all I lost.
I sigh for all the might have beens.
Praying for my pain to finally end,
As a child I dreamed of joy and love,
In innocence I knew life was good.
Then he did that monstrous thing,
destroying my heart and soul.
Unto this day I pay the price
for a sin I cannot know.
