hey what's up its Jason

its been a while since I've written so I just wanted to say hi. how are things going on the outside world? well not much is going on with prison life pretty much the same ol' thing. I guess CDC is opening a new yard at chino state prison and a lot of people don't want to go. they say its too far from their family. The only reason I don't want to go is because I would have to give up my pay number. and that is how I survive. but if they pick me to go then there is nothing I can do. I just don't ever want to go back to High Desert prison. I was there for 3 years and I did not like it at all. so is there anybody out there looking for a pen-pal? (male or female - gay or straight) Friendship is something I miss very much! I don't know if my picture is still there but if its not write me and I will be happy to send one. its very hard being in prison with no friends or loved one's on the outside world so if you would like to get to know me please write!
