

Hi everyone, here is a few more of my poems, I hope you enjoy them ☺ Peace

My Dream

I dream of love,
A smiling face,
of someone who will share my life.
I dream of laughter,
to steal away my pain,
a lover to soothe all my fears.
I dream of understanding,
A strong, caring heart,
of a person who won't judge my past.
I dream of togetherness,
the treasures of love,
but please hurry, my soul's fading fast.
I dream of unicorns,
of fairies in moonlight
love in a look meant for me.
I dream of a thing which I've never had.
I dream of you freeing my heart.

Lust

I take you in
absorbed,
leap into the recesses
of my mind.
I devour you all
the need,
to touch, taste and feel,
desire.
It only my eyes will
ever know
the flavor of your
beautiful loneliness. by, Donny Welch

Shadows of Life

Lonely
Unaccepted
~~shunned~~ by society.
Mistakes made
tears shed
secrets buried deep.
Pain relived.
Love ethereal
Approval through carnal acts
Numbing moments of blazing passion
glacial return.
Embracing life's little extremes.
