More than one million Americans are now living with H.I.V. Over 200,000 of them don't even know they are H.I.V. Positive.

1. 17% spend time in US prisons each year.
2. 12% are injection drug users.
3. 43% are African-Americans
4. 53% are gay men.
5. 25% are young people age 13-29.

It's time to get real about H.I.V./A.I.D.s
latex condoms are highly effective in preventing the sexual transmission of H.I.V.

you & your partner both are H.I.V. Positive? \rightarrow
It's important to use condoms because there are different strains of the Disease
Also, other STD's not only increase the risks of contracting H.I.V.

- ↳ but can cause health problems for someone already infected with H.I.V.
you are both Negative? Stay that way continue to use condoms to safeguard your own Health and get tested if you start a New Relationship.

H.I.V.

H.I.V. is very REAL.

Can our HEART really HEAL.

H.I.V. is a real awful SICKNESS.

It's full of WICKEDNESS.

H.I.V. is not "ONLY" for GAYS.

It's for anyone who PLAYS.

H.I.V. can be treated before it gets BAD.

But inside makes "us" feel SAD.

H.I.V. if you caught it what would you DUE?
Would you stay TRUE?

H.I.V. will bring "us" PAIN.

Some feel like we have nothing to GAIN.

H.I.V. can spread in many WAYS.

Please don't try to count the DAYS.

H.I.V. is just like a KNIFE.

It can ruin mankind's LIFE.

H.I.V. Is not a GAME.

So don't become LAME.

H.I.V
