Dear Stephine & Justus-

Hi, I love you! Well we got to be full of happiness because your sister is having a party this weekend. Wow, she's turning 11.

I want you both to do something I will always ask you to do give her a hug and a kiss from me. Tell her I love her. Then you both enjoy the blessing of your sister.

I have been trying to get some things put together for you girls for the future. In Jesus' name it'll come to pass. I'm content at the moment knowing I am trying.

I love you both very much. I am hoping that God'll

allow me a quick release from here; I'm on His time not my own.

Daughters, I love you!
Please have a wonderful weekend with your sister celebrating her day with her. Know that you are both in my heart and prayers, as well as, Heaven is.

Be blessed

All my love -
Your Mother
Frances
