

"Friendship Wanted"

Bloggers hey whats up? my name is Jason
Im a 36 year old white male im single and I have no
kids. some of my intrests are listening to music, writing
letters, reading, working out and playing the guitar. well
more learning to play the guitar but I think im doing alright.
as you can see I am in prison and I am doing a
life sentence. Im looking for a friend male or female
gay or stright to have a true friendship with. being alone
in prison teaches how important friendship is. I work in
the kitchen here making 18 cents per hour. and that takes alot
of my time but it also keeps me out of trouble and keeps
me away from all the Drama on the yard! I've been locked
up now for 6 years and in that time I've learned alot
about myself and Im proud of the things I have accomplished
in prison. and Im proud of the changes I've made to myself
so enough about me. I want to know about you! you CAN
talk to me about anything. I know a life of freedom isnt always
just that it CAN also be a prison in itself. Just remember you
will always have a friend if you need one. and you CAN ask
any questions about me that you want. have a good day
and I hope you write back
