My Thoughts:

1st off "Happy B-day Krista"

- I'm sick of fake people, you play friend when I'm home, "But" when shit gets heavy... where are you now?
 - I see soooo many people who love to start things, and don't finish.
 - Like in my case,
 - People chose (some anyway) to dissown me before I got convicted. They needed personality statements to convict me.
 - It was my house... obviously I was their.
 - It was my house... obviously my prints were their.
 - For example... bringing up shit that had nothing to do with that night.
