Singh, Michael

A4-213

We have received your inquiry regarding the upcoming College Program.

We are in the process of implementing the college program. In this process there are many requirements we have to have in place before the program can be approved and implemented.

At this time we are accepting inquiries and compiling a list of interested students. When the set up requirements are met and the approval to start the program has been given, the College Coordinator will contact those who have been put on the inquiry list.

The college program does not have a start up date approved as of yet.

We have added your name to the list and the College Coordinator will contact you when the time comes to set up students.

Other mentioned items in your request will be addressed by Ms. "

Thank you for your interest in our upcoming College program.
