

Titel: My Heart is Poison

Lick it & Die!

1st Poem

I'm wicked, my mind is corrupt! I can't  
hide from myself! I've lost all control! I  
feel pain deep within my soul! But Nobody  
knows! Where are you God? Can you hear my  
prayers? I know they flood up the layers!  
To me, nobody cares! I'm all alone, caged  
up, nowhere to roam! Can you hear me?

My words are full of emotions. And my  
heart goes through all the emotions! I  
sweat greed and I cry piss! I'm ugly  
don't look at me! I'll be your worst

Enemy! Why did you conceive me? Especially  
if you knew my destiny! It's dark and  
here I'm trapped! I can't find a way out!  
I'm screaming but my mouth is closed! I'm  
dying but my heart still beats! My body  
is warm, but my blood is cold. I beg for  
mercy & grace but I am exempt! Do you  
smell me? I stink I smell rotten full  
of hate, lust, sexual impurities. I look  
in the mirror and I want to murder  
the reflection that I see. I've been abandoned  
by all, family, friends and God himself!

Hades won't take me! Earth rejects  
me and the lake of fire Hades known as  
hell expects me and awaits me!

Death hasn't taken me yet but I feel  
the heat already! "Help Me!" I look  
up towards the sky but the clouds

darken towards my presents sorrow  
Grievous surround me! I drown slow it  
my father took his last breath to  
escape me, my mother doesn't  
pick up her pen to forget me, and  
my children have buried me! My  
existence is a burden! A wasted  
life! A failed human soul! I'm ready  
Hard End this misery

Misty Torres
