

# READER'S SURVEY

One of the most devastating aspects of imprisonment is the lack of "reality checks," criticism by other people deflates our delusions. A horrible personal flaw, which is life threatening, is an inability or unwillingness to accept criticism. So, BRING IT!

I want to make both this blog & myself into the best we can be.

Do you dislike anything about this blog?

Did you ever have dealings with me & feel  $\pm$  shafted you?

Please let me know, although I ask you to do so by snail mail if it's something that could cause shame or ridicule for anyone.

You will help me improve my blog by answering these questions:

1. What would you most like to see discussed on this blog?  
(e.g. Poetry, essays, art, fiction — observations or subjective?)
2. On a scale of one to ten, what would you rank this blog & why?  
As compared to the other blogs on this site?
3. How do you feel the tone or content in this blog could be improved?
4. What would you like me to write about?
5. Do you prefer realism or surrealism?

Please don't limit your criticism to that suggested by my questions.

P.S. By now you see that I ponder a wide variety of topics. More variety is coming. Alas, I really need <sup>your</sup> criticism & ... opposition to refine my thoughts.
