#### Summary /discussion of review of local strategic goals and objectives.

- To ensure effective communication and issue resolution.
- To ensure medical concerns on each yard are addressed and corrective action is taken when necessary.

#### Summary of Associate Warden's Updates/Information

- October 2011 Agenda distributed
- September 2011 Medical MAC Meeting Minutes distributed
- IST Sheet for Health Care staff
- Sign In-Sheet MAC Members
- All past Pending / Closed issues

Per ~~AWBS~~ AWHC: All facilities must submit their agenda 5-7 days prior to the MAC meeting, it provides and allows staff to prepare to answer the questions on issues prior to the meeting. Thanks

#### FACILITY A #1 UNITARIAN AGENDA: WIDE SHOES

Issue(s): presented: Inmates are concerns that during arrival to CDCR, institutions do not have extra wide size of shoes which is part of the state issued clothing. Because of this; inmates are being referred to see a podiatrist to order special shoes and the inmates are paying for the shoes out of pocket.

Discussion: Per Lt. ~~Williams~~ will handle this and speak with AWBS regarding this issue. Will try to have all information by our next meeting.

Recommendations: Pending

**FACILITY A #2 UNITARIAN AGENDA:PHARMACY**

Issue(s): presented: General and Psychotropic medications and why DOB required for refill?

Discussion: #1. Pharmacy will check into forms. #2. This is a nursing question regarding DOB.

Recommendations: Pending

**FACILITY A #3 UNITARIAN AGENDA : OUT PATIENT PROCEDURES**

Issue(s): presented: Lack of communication between in-house and out-patient treatment regarding prep for all procedures.

Discussion: Per Dr. ~~Heathley~~ <sup>Chief Medical Executive</sup>, CME: Complex issue, depending on steps involving MCSP and out side hospitals, this requires a lot of time to address required issue to inmate and education along with patients. Medical staff is trying working hard with all out side hospitals

Recommendations: Pending

**FACILITY-B #1 UNITARIAN AGENDA: WHY IS SACRAMENTO DICTATING MEDICATIONS**

Issue(s): presented: Why is Sacramento dictating what medications and how many some can be on? If this is a medical and psych medication and there is not the one medication that fixes.

Discussion: Per Dr. ~~Heathley~~, CME: This is a mental health question; hopefully we will provide answers next meeting.

Recommendations: Pending

**FACILITY-B #2 UNITARIAN AGENDA: Pending Law Suit on Primary Doctor**

Issue(s): presented: If some has a law suit on their primary doctor, why should we continue to see this doctor?

Discussion: Per Dr. ~~Heathley~~ CME/ HQ's: Primary doctors do not rotate regarding issues. We can not change doctors. All Inmates continues to receive excellent care..

Recommendations: Pending

**FACILITY - C # 1 UNITARIAN AGENDA: PATIENT ADVOCACY LINE / LIAISON: (P.A.L.)**

Issues(s) presented: New treatment for inmates with hepatitis "C". List of available vaccinations matrix's for qualification, either in the form of management signs / or brochures.

Discussion: Per ~~Boyd~~ <sup>Reg. Nurse</sup> Sr. R.N.: The best way to learn of possible vaccinations for a concerned inmate is always recommended to address the issue with your primary care physician by submitting a CDCR 7362. Public Health Nurse will be invited to attend the October 2011 MAC meeting to discuss issues.

Recommendations: Open

**Date of Next Meeting :**
