I am Shocked by how long my mailbox has Remained empty.

Normally I will at least Get a bill or some sort of junkmail... The ONLY mail I've gotten in some months, is the Prints of Messages left here on this site.

 Told you the "I'm going to write" words are usually just Sympathetic Phrases, with no real foundation. EMPTY Promises.

is OK though - I was a real Jackass years back and likely Deserve all I Get ... so I just say

 pbbbbbt and go back to bed, maybe I'll wake up on the better side.

What'd you guys have for the holiday dinner?

I will be having Fried X-Tra lean ham + Cheese Sandwiches.  that's within my affordability range and I won't have to cook for Days in a tiny microwave to have Dinner...
