

WRITE IT

I think I could write  
If deer would enter my circle.  
I think I could write  
If the prefix psycho would rest.  
I think I could write  
If I could hear a kitten's purr.  
I think I could write  
If exploitations would die.  
I think I could write  
If given a chance.  
With that thought I can.
