# Will You Be My Internet Fairy? 13 Dec 2011

by Nate A. Lindell P.O. Box 9900

To copy & to paste, to scan & to e-mail, on micros & on macs, through crashes & through spams, 'til blackout do us part? If so, I'd love to have you as my unlawfully wedded internet fairy - unlawful because I need too much done to rely on just one, so you'll be in my harem, which, if any are game, will permit any gender or non-gender to join.

I'm serious readers. If my blog has made you laugh, helped you or enlightened you, or just not made you feel like you wasted your time reading it, please reward me by volunteering to do internet work that I can't do myself. Right now, & for the last 10<sup>+</sup> years, I'm trapped in my state's supermax prison. Other than being able to post entries on this blog, I have no way to access the internet. It would help me immensely if you:

1. Force your friends & strangers to read my blog;
2. List my blog's URLs on web-directories, such as [www.bigfoot.com](http://www.bigfoot.com), [whowhere.lycos.com](http://whowhere.lycos.com), [www.submit-it.com](http://www.submit-it.com), [www.abii.com](http://www.abii.com)
3. Quoting, with reference to my blog's URLs, my entries in any writing or blogging you do, which I hereby okay you to do.
4. Posting my contact info & profiles (like the one being posted with this) on free pen-pal/social-networking sites, e.g.: [penpalparty.com](http://penpalparty.com), [freepenpalsnet.com](http://freepenpalsnet.com), [penpalsite.com](http://penpalsite.com), [penpals.net](http://penpals.net), [e-palworld.co.uk](http://e-palworld.co.uk), [facebook.com](http://facebook.com), [plentyoffish.com](http://plentyoffish.com), [globalfling.com](http://globalfling.com), [penpalpassions.com](http://penpalpassions.com)
5. Purchasing an account for me from [www.inmatescribes.com](http://www.inmatescribes.com) and they'll do the internet work for me.
6. Print up & smail me net material that you think I'd like (e.g. cool art or info) or that relates to issues I discuss or you want me to discuss.
7. E-mail the government/prison officials I identify in my blogs to protest the abuse, misconduct, &/or oppression I tell you of.
8. Don't be shy. Surprise me with your proactivity! Just make sure & post a comment telling me what you're up to & how I can get in touch with you. But never post your real name or contact info - mail it to me instead, so it stays confidential.

Hugs & Kisses People,
