2012
GumShoe Blues

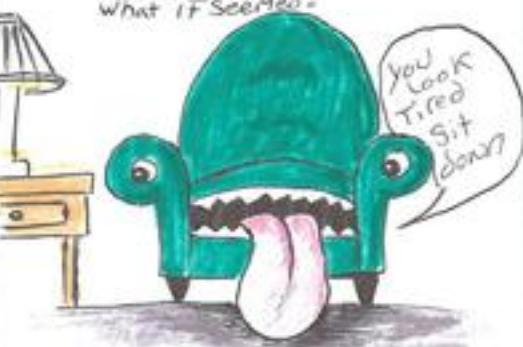

By: Daniel Baker

It all Started
on a day like
Today...
I think
it was
yesterday.

The entire Planet was
Somehow different..

Nothing was
what it seemed.

I came home after
a long hard day at
the play Ground...
I open the door JUST Then,
That's when Things
got weird...

I Can't Get to my
fortress with every thing
like This..

I'm Beginning to think
I'll Need a partner
to solve This one.

Got To Hang This
UP AT the Park...

The Presidents that Rule this world are engaged in Battle with invading Sisteroids. I'll use This to cross the area unnoticed... I'll Deal with the Battling aliens Later I have a mystery to solve.

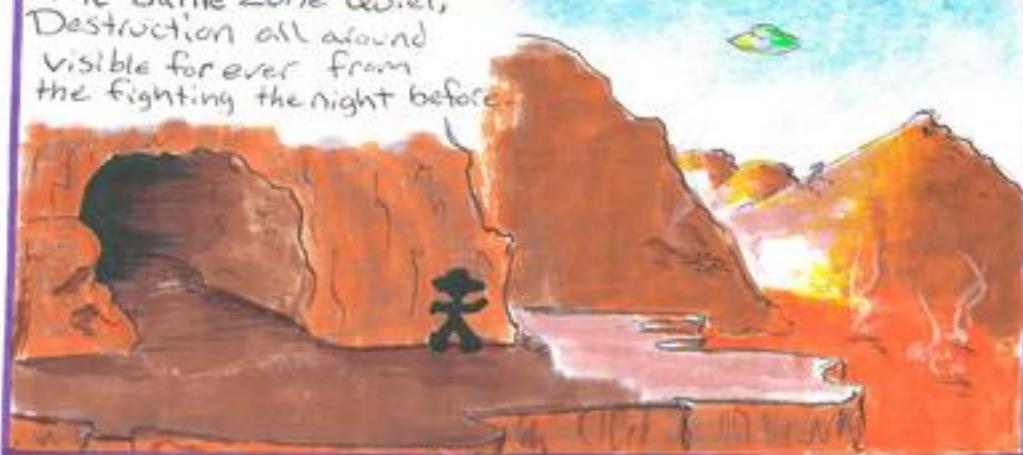

So The Search was
on for a Partner

But first

The Battle Zone Quiet,
Destruction all around
Visible forever from
the fighting the night before.

I made my way to the
Swingset where the
Young Guns hang out.

I Start Looking here-
first I'll hang my sign.

The Rumor is, That.
Lil-John is the Smallest
Kid around, and rules
the Jungle-gym.
Maybe he'll Point
me in the Right
Direction.
