

Everybody has something that they are simply fascinated with. For some its cars, buttons, stamps, or jewelry and for others its cats, dogs, vacations, or license plates. For me, its shoes.

I am a shoe fanatic [Ha Ha]. I can't count how much money I've spent on shoes or how many I've owned but, I can tell you its "a lot". I just love the smell of new shoes, and the feel of them on your feet. As well as the feeling you get knowing your wearing a fresh pair.

Of all the brands out there, my absolute favorite is Jordan and of all the Jordan's my favorite is the Retro # 4's. Outside of Jordan's I love Nike, Adidas, New Balance, Timberland, Stacy Adams, Prada, Gators, and I can go on and on [HA HA]. I really love shoes.

My fascination doesn't just stop with shoes I like to wear because I think its so sexy for a woman to wear a cute sandal, stylish high heels, tight cut boots, or some super fly sneakers. I think some fresh paint on her toe nails, or a nice pedicure always set it off too but, in the end a woman in the right sandals, heels, boots, or shoes gets my attention everytime.

So, I think its fair to say that I am a shoe junky [HA HA]. I'm very curious what others are into or, what you are fascinated with so please share your thoughts and interests with me.
