Just to name a few, you can name and put any name, race, ethnic people on the list and you will see All acknowledge their Home/Mother-

land, and none put/add/tack-on American

Majority of people never been to none
of those countries, they still say
and acknowledge where their race
ethnicities come from...

We as Africans here in America
has to start acknowledging who
we are, and command the respect
of our race/ethnicity! We are not
a color (Black) we are a race, Africans!
