

The Goddess

The Goddess of All
Supreme and divine
Our great Mother Earth
The cosmic Sun-shine

The Goddess of Life
The Mistress of Death
She gives us birth
She is our breath

The Goddess of Love
The Mistress of Hate
She spins our thread
And seals our fate

The Goddess within
The Goddess without
Rid us of trouble
Remove all our doubt

The living Goddess
I bow to Her feet
I worship Her image
In each woman I meet.
